## MDR & SIEM

BETTER PROTECTION FOR YOUR BUSINESS 24/7/365

In partnership with

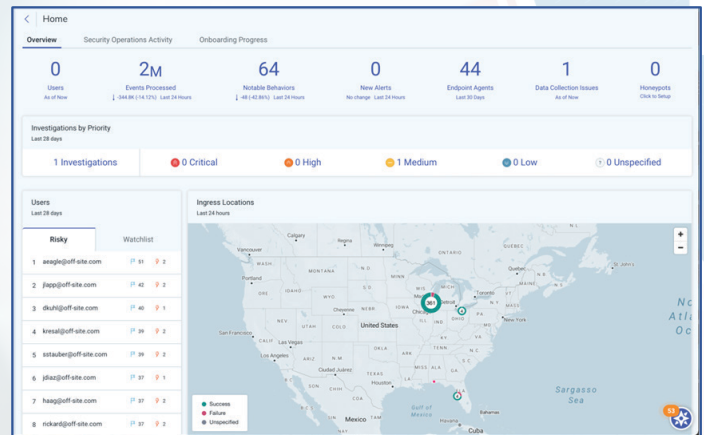

**MDR (MANAGED DETECTION & RESPONSE) IS AN AI DRIVEN SECURITY PLATFORM THAT ANALYZES & PROVIDES THREAT DETECTION. WHETHER ON-PREM, IN THE CLOUD OR HYBRID, THE SERVICE GOES BEYOND JUST DETECTION, REMEDIATING CYBER-THREATS IN REAL-TIME.**

OFFSITE provides fully Managed Detection & Response through a partnership with Rapid7. The platform applies AI to both SIEM log data & contextual information to detect steps cyber-criminals take to steal data.

With a Wisconsin-based Security Operations Center (SOC) serving primarily regulated businesses, OFFSITE's team of local, highly-trained & certified analysts, engineers & support personnel provide fully manage or co-managed security program, going well beyond point solutions.

### PROTECT YOUR BUSINESS WITH AN INTEGRATED PROGRAM:

- » Managed SIEM, MDR & XDR Solutions
- » Monitor for Vulnerabilities & Remediation Status
- » AI-Driven Threat Detection
- » Weekly Executive-Level Reporting
- » 30 Minute Weekly Status Meetings
- » 24/7/365 OFFSITE NOC/SOC Response Team
