# CLOUD SERVICES

## SERVING THE CHICAGO TO MILWAUKEE TECH CORRIDOR

### BUILT TO MAXIMIZE PERFORMANCE & SECURITY

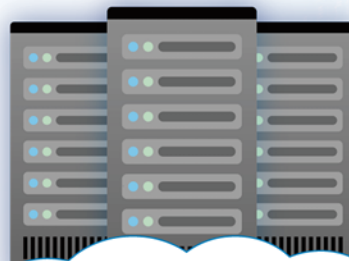

Our enterprise cloud infrastructure is built to deliver maximum performance to your mission critical workloads. Leveraging a dynamic, high-performance network, with powerful infrastructure, our enterprise cloud solutions provide all the horsepower your business needs, delivering a CMMC and FIPS Compliant enterprise cloud computing platform.

#### HIGH SPEED FLASH STORAGE

Delivers faster than all-flash performance, multi-petabyte capacity.

Hybrid Cloud Storage

OFFSITE CLOUD INFRASTRUCTURE

Disaster Recovery for the Enterprise

Delivers faster than all-flash performance, multi-petabyte capacity.

### HIGH-PERFORMANCE CLOUD SOLUTIONS

Direct Connect the OFFSITE Private Cloud Platform to your Colocated Datacenter infrastructure. OFFSITE will monitor connections and proactively respond when issues need attention.

### MANAGED PUBLIC CLOUD SOLUTIONS

With Azure Express Route and direct connections to public cloud providers, customers can expect low latency connections that are fully monitored by our 24x7 staffed Network Operations Center.
